- Positive attitude and optimistic.
- Trustworthy, honest, understands the importance of responsibility.

WORK EXPERIENCE

DataAnnotation   Feb 2024-present

- Coding Projects and Structured Data Generation (CSV, JSON, YAML, XML)
- Interaction with chatbots
- Languages for chatbots include C++, Java, JavaScript, Python, PHP, HTML, CSS and SQL

Work placement, Lakehead Public School Board (Thunder Bay, ON)   Mar-May 2019

- Used the school board website to design WordPress themes for various schools.
- Utilized plugins for some of the various themes.
- Other occasional jobs, such as creating JasperSoft reports.

PROJECTS

Node.js Developer, Udemy course   Jul 2023, Jan-Apr 2024

- Simple to-do app that allows users to add and remove items with the current items stored in a database.
- Complex app that acts like a social media site allowing users to make posts as well as follow other users.
- An application that allows users to log in or create an account and create a very simple piece of sheet music.

WordPress Developer, Riipen's Level Up Program   Nov-Dec 2023

- Created a WordPress theme for Ofori Beauty, a beauty supply and services company.
- Utilized WooCommerce, the WordPress Rest API, jQuery and SASS.
- Built completely from scratch, based on the original Ofori Beauty site with new features such as a live search, a blog section and a 404 page.
